

RecycleSmart Approved Construction & Demolition (C&D) Processing Facilities

These facilities have been assessed for their ability to recover at least 50% of accepted C&D Debris. RecycleSmart has no influence or control over disposal fees at these facilities, and does not endorse the use of one facility over another.

Contractors must request and hold on to all weight receipts. These receipts are required to be attached to Waste Management Plans submitted to cities in order to comply with C&D Ordinance Requirements and/or CalGreen Requirements.

Call ahead to inquire about materials accepted, hours of operation and fees.
