

REGISTERED TRANSPORTER APPLICATION AND RENEWAL

Construction and Demolition (C&D) Debris Recovery Program

RecycleSmart (Central Contra Costa Solid Waste Authority)

Ordinance No. 19-1

This application must be completed if the applicant will transport Construction and Demolition (C&D) Debris from the RecycleSmart service area: **City of Orinda, Town of Moraga, City of Lafayette, City of Walnut Creek, Town of Danville and surrounding Unincorporated County areas including, Alamo, Blackhawk and Diablo** (see definition of C&D Debris on Page 4 of this application).

By submitting this application, the applicant agrees:

- **To transport all material to a RecycleSmart Approved C&D Processing Facility (see 2021 update below)**
- **To properly label all collection containers: including business name, phone number and acceptable materials that may be placed in the container (e.g. C&D Debris Only). A fine may be imposed if containers are not properly labeled within seven (7) days of notification**
- **To notify RecycleSmart if any of the information in the original application changes and provide updated contact information**
- **To keep records of each transported load of C&D Debris (including project address, permit number, material type and disposal information) and make available to RecycleSmart upon request**
- That the vehicle(s) and each operator have all necessary permits, authorizations or licenses required by any local State or Federal agency and all necessary insurance to operate the vehicle(s)
- That each operator has no outstanding notices of violation from any Federal, State or local agency that could affect permits, authorizations or licenses required for continued operation
- That the vehicle(s) owner is responsible for compliance by any operator(s) of any vehicle(s) covered by this application
- That violation of any conditions may lead to suspension of registration, imposition of additional conditions, or revocation of the registration. Violation of RecycleSmart Ordinance No. 19-1 may lead to denial of future registration, civil action for damages, injunctive relief, and/or prosecution as a misdemeanor

Updates in 2021:

- **Not all RecycleSmart Certified C&D Processing Facilities listed in GreenHalo recycle Mixed C&D at 65%.** Some facilities may be listed below this percentage, and some facilities may be listed higher, depending on the facility third-party verification results. The project permit applicant (property owner / contractor or other) must **take Mixed C&D to facilities listed at 65% or higher in GreenHalo or use a combination of facilities to meet the CalGreen 65% diversion requirement.** Source separation of materials on site, deconstruction and reuse are encouraged to meet CalGreen requirements.
- **Quarterly reporting from RecycleSmart Approved Transporters is no longer required.**
- **Beginning January 1, 2021 all organic waste (see definition on pg. 4) must be recycled under SB 1383 to meet CalGreen diversion requirements, in both residential and non-residential projects.**

Type(s) of cover(s) used on vehicle(s) for containing contents:

Section VI - Containers

Types of containers used for collection (check all that apply).

<u>Container Type</u>	<u>Use</u>	<u>No. in Current Inventory</u>
Roll-off Boxes	[]	_____
Bins	[]	_____
Carts/Cans	[]	_____
Compactor Boxes	[]	_____
Other (please explain)	[]	_____

Section VII - Insurance Requirements

Refer to attached insurance requirements and/or RecycleSmart Ordinance No. 19-1.

Submit with Application:

1. Comprehensive General Liability
2. Automobile Liability
3. Workers' Compensation

Definition of Construction & Demolition (C&D) Debris

“Construction and Demolition Debris” shall mean solid wastes, such as building materials, packaging and inerts resulting from construction, remodeling, repair and demolition operations on pavement, houses, commercial buildings, and other structures, which are suitable for reuse or processing at a recycling facility.

Building materials and solid wastes generated from construction and demolition activities, include, but are not limited to, fully-cured asphalt, concrete, brick, rock, soil, lumbar, gypsum wallboard, cardboard and other associated packaging, roofing material, ceramic tile, carpeting, fixtures, plastic pipe, metals, tree stumps and other vegetative matter resulting from land clearing and landscaping for construction, deconstruction or land developments.

SB 1383 and RecycleSmart Ordinance No. 19-1 Green Waste Requirements

State Law SB 1383 (Lara, Chapter 395 Statutes of 2016) requires diversion of green waste to the greatest extent possible. “Green Waste” is defined in RecycleSmart Ordinance No. 19-1 to mean tree trimmings, grass cuttings, dead plants, leaves, branches, and dead trees (not more than six (6) inches in diameter) and similar materials generated by a Covered Project. Section VI of the Ordinance stipulates that to the extent that Green Waste may be combined in Construction and Demolition Debris that is transported by a Permittee (approved Transporter), the Permittee shall ensure that the Green Waste is also conveyed to Certified C&D Recovery Facility.

Application Process

STEP 1:

Email your complete application with all attachments to authority@recyclesmart.org.

STEP 2:

MAIL YOUR COMPLETE APPLICATION *with all attachments* and \$370.00 annual registration fee, with your check written out to the “Central Contra Costa Solid Waste Authority” (CCCSWA):

Central Contra Costa Solid Waste Authority
Attn: C&D Transporter Registration
1850 Mt. Diablo Blvd., Suite 320
Walnut Creek CA 94596

Upon approval, you will receive notification from RecycleSmart by email within 30 days.

I DECLARE UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF CALIFORNIA THAT THE FOREGOING IS TRUE AND CORRECT.
