

Turn them into Dirt!

Put a circle around the things you can add to your home or school compost bin to make great dirt. (Answers below.)

APPLE CORE

BANANA PEEL

NOODLES

MEAT BONES

COFFEE GROUNDS

TEA BAGS

EGG SHELLS

NAPKINS

STALE BREAD

Answer: They can all be composted at home except the meat bones (but you can put meat bones in the green cart because we'll crush them up before they're composted).
